The AR-15 was first built by ArmaLite as a select fire rifle for the US armed forces. Due to financial problems, ArmaLite sold the AR-15 design to Colt. Colt started selling the semi-automatic version as the Colt AR-15 for civilian sales in 1963. Although "AR-15" remains a Colt registered trademark, variants of the firearm are made, modified and sold under various names by multiple manufacturers.

PRESIDENT'S COLUMN

Hello again from your president. Last year had it's great times and it's bad times. At the end of the year we lost one of the most dedicated members of the club and a good friend, Fred Johnson. I want to thank everyone who helped clean the club house. You all did an outstanding job. The family and visiting friends to the memorial service were very impressed. I also want to thank every member who came to the memorial service. The turnout was overwhelming. The club was just recovering from the loss of Fred when word came that Don Rice passed away. Once again the members turned out in huge numbers for the visitation. I can't tell you how proud I am of this organization. It is hard to believe how many years of service and experience we lost with the death of these two members. May God grant them both peace.

Looking forward to this year, we've a lot planned. On March 30th, we will be holding an **Easter Egg Hunt** for the kids. We haven't held one for a number of years so grab the kids, grand kids, nieces and nephews and come out and enjoy the fun. Please go to the web site for times and more details. We are shooting Trap **“Under the Lights”** the first and third Tuesday

of every month starting at 6:00pm and regular trap every Friday afternoon and the first and third Sunday of every month. Please come out and join us.

For the rifle shooters, we are also shooting every Tuesday morning indoor air bench rifle matches. Along with that we are shooting 3 position indoor air rifle every Saturday starting at 8:30am. The nice thing is you don't even need your own air rifle as the club has 4 CMP air rifles for any member to shoot. If you want to bring your own, the only restriction is it must be 700fps or less. Enclosed you will find tickets for the upcoming raffle. Please sell as many tickets as you can. The club benefits greatly from these raffles and it helps to keep everyone's dues to a minimum. Lastly, if you haven't checked out the web site in a while, you are in for a pleasant surprise. Paul Web has totally redesigned the web site and it is more user friendly. In the future Paul is planning to expand the site to a member only section where we will have special notifications, and other information. Paul is hoping to do a presentation on the new site at the March meeting. I hope to see you all there.

In fellowship, your President,
Chris McCombs.
